

REASONS FOR ALLOWANCE

1. The following is an examiner's statement of reasons for allowance: applicants' arguments in the remarks filed on December 16, 2009 are convincing. Specifically, table 1 shows unexpected results in the use of the claimed coating, including a surface sizing agent with the particle size, degree of cationization and the use of the aluminum sulfate in the papermaking pulp, at the claimed levels.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to José A. Fortuna whose telephone number is 571-272-1188. The examiner can normally be reached on 9:30-6:00.
